FELL INTO A TRAP.

Big Bunch of British Bagged by Bold Burghers.

FORMER WERE IN RETREAT,

Having Been Chased Out of a Garrison Near the Modder River.

SIX GUNS AND MANY MEN LOST.

Boers Were Concealed In a Deep Ravine, and Pounced Upon the Artillery Convoy — Rear Guard Reinforced and Duel With Shells Is Raging.

Bushman Kop, Free State, April 2.— The British, commanded by Colonel Broadwood, consisting of the Tenth Hussars, Household cavalry, two horse batteries and a force of mounted infantry under Colonel Pilcher, which had been garrisoning Thaba N'Chu, was obliged in consequence of the near approach of a large force of Boers to leave. Colonel Broadwood marched to the Bloemfontein waterworks, south of the Modder, where he encamped. At early dawn the camp was shelled by the enemy from a near point. Colonel Broadwood sent a convoy with the batteries, while the rest of the force remained to act as a rear guard. The convoy arrived at a deep spruit, where the Boers were concealed, and the entire body walked into ambush and was captured, together with six guns. The loss of life was not great, since most of the British had walked into the trap before a shot was fired. General Colville's division arrived here at noon Sunday and he is now shelling the Boers.

Boer Prisoners III.

Cape Town, April 2.— The departure of the British transports with the Boer prisoners for St. Helena has been delayed, in consequence of the increased sickness among the prisoners. Twelve have died during the week. Arrangements are being made to prevent overcrowding. The prisoners do not complain of their treatment or their food. Many of General Cronje's men when captured were completely worn out with the hardship they had undergone, and little strength was left them to fight disease.

An Effective Mode.

London, April 2.— Expert Spencer Wilkinson says: The attack on Thaba N'Chu and the convoy is a sample of the mode in which the Boers will try to conduct the war. It is a legitimate mode and the most effective for Boer purposes. So long as the Boer army keeps the field, such attacks will embarrass the British, and perhaps the best way to get rid of the difficulty is by a swift advance and decisive blows against the main Boer army.

Rallying the Burghers.

Maseru, Basutoland, April 2.— President Steyn is reported to have gone to Ladybrand to stir up the burghers there to resistance. The Boers have removed from the immediate vicinity of Platberg and taken up a commanding position adjacent. The Dutch, who surrendered their arms at Ladybrand, are now suffering seizures of their live stock.

Joubert's Dying Request.

Pretoria, April 2.— President Kruger said in public that the last expressed desire of the late Commandant General Joubert was that he should be succeeded as commandant general by Louis Botha.

Troops Allowed to Pass.

Lisbon, April 2.— The Portuguese government has wired orders to Beirra that British troops and ammunition be allowed to pass through freely to Rhodesia.

Money For the Boers.

Berlin, April 2.— Dr. Leyds informs the Berlin press that 400,000 marks have been collected for the Boers.

Pruning Knife.

Havana, April 2.— Governor General Wood has asked all heads of departments in the island to furnish a list of all employees in the various branches of the state service, setting forth their respective salaries and duties and also offering an opinion with reference to what changes, if any, ought to be made in their compensation, and as to whether any of the employees are superfluous.

For Ohio, Kentucky and West Virginia—Fair Tuesday; northwest winds.

KENTUCKY SUSPECTS.

Cases of Powers and Others Referred to the Grand Jury.

Frankfort, Ky., April 2.— The convening of the April term of the Franklin circuit court, with Judge Cantrill sitting, marks the beginning of the final legal proceedings against the alleged assassins of the late Governor Goebel. The session of the court Monday was taken up mainly with preliminaries. Judge Cantrill's charge to the grand jury was vigorous and comprehensive.

The names of the suspects who have already been arrested and whose cases have been referred to the grand jury for investigation are Republican Secretary of State Caleb Powers, Judge W. L. Hayslip, Henry Youtsey, J. L. Sutton, Harland Whitaker, Silas Jones and John Davis. Warants are also out for ex-Secretary of State Charles Finley, Captain John L. Powers and "Tallow Dick" Combs, colored, all of whom except the last named have not yet been arrested. It is not probable any indictments will be returned before the latter part of the week.

Want Independence.

Washington, April 2.— The sub-committee of the senate, which went to Cuba for the purpose of investigating conditions on the island, has returned to Washington. Senator Platt (Conn.), chairman of the sub-committee, said: "We saw and conversed with a great many prominent and leading men from all portions of the island. It may be said of all classes in Cuba, that they are looking to the establishment of an independent government, a Cuban republic. A few are impatient and wish for immediate and complete independence. All are looking forward to the municipal elections that are to take place in the latter part of May, regarding such elections as the first step toward the establishment of the new government. There are great possibilities in the island. It is fertile, has great national resources and is capable of supporting a population four or five times larger than it numbers at present."

Located the Magnetic Pole.

Wellington, New Zealand, April 2.— The exploring steamer Southern Cross, bearing Mr. C. C. Borchgrevink and the survivors of the south polar expedition fitted out in 1898 by Sir George Newnes of London, arrived here. Mr. Borchgrevink reports that the magnetic needle pole has been located. Mr. Hansan, one of the zoologists who started with the expedition, died on the voyage. The Borchgrevink expedition left Hobart, Tasmania, for the Antarctic region on December 19, 1898.

China Settles.

Pekin, April 2.— The Chinese government has "settled" the controversy arising out of the murder on December 3 last of the Rev. Mr. Brooks, of the Church Missionary society, on the following terms: Two of the murderers will be beheaded, one imprisoned for life, one for 10 years and another for two years. A memorial chapel will be erected upon the site of the murder, and a tablet will be placed in Canterbury cathedral, England, at the expense of the Chinese government.

Doctor Assassinated.

Kansas City, Mo., April 2.— Harboring imaginary wrongs, John W. W. McKimm, 29, shot and killed Dr. B. F. Shaw, his brother-in-law, as the latter sat reading the Sunday school lesson to his 5-year-old daughter. Shaw died instantly. McKimm had been an inmate of a sanitarium and was believed to be insane. He threatened to kill the other five members of the family and was only restrained after a struggle.

Porte to Russia.

Constantinople, April 2.— The Ottoman government addressed a note to the Russian embassy declaring that in the event of the porto not constructing railway lines in the Black sea districts bounded by railways already conceded to others, then concessions will be granted to Russia. It is considered that the porto in this way settles the Russian demands in the premises.

Miners Return to Work.

Elmira, N. Y., April 2.— The miners at Arnott, Pa., who struck again last Wednesday, returned to work after a consultation with Superintendent Lincoln, who assured them that the Blosburg Coal company would keep all agreements made with the miners at the termination of the former strike, which continued 11 months.

Large Catch of Seals.

St. Johns, N. F., April 2.— The sealing steamer Newfoundland arrived with 21,000 seals. She reports that the remainder of the fleet are adding daily to the catches already reported. The steamer Iceland is so heavily loaded that several thousand seals are carried on her deck.

CONTEST OF BALLOTS.

Municipal Elections Being Held Throughout the Buckeye State.

LOCAL ISSUES GENERALLY INVOLVED.

Senator Hanna a Factor at Cleveland and Toledo, Street Railway Franchises at Columbus and Fusion at Cincinnati.

HEAD.....

Columbus, O., April 2.— The annual municipal and township elections are being held throughout the state. The contests involve the control of party organizations, as well as local offices.

In Cincinnati it is the old fight against George B. Cox as the local Republican leader. The regular Republican ticket is headed by Colonel Julius Fleischmann for mayor, and the fusion ticket by State Senator Alfred M. Cohen.

The latter ticket is equally divided in the nominations between Democrats and anti-Cox Republicans. Cohen is a Democrat. Both candidates for mayor are prominent Hebrews. The fusion ticket won easily three years ago, but to-day's result will be so close that parts of each ticket will likely be elected.

In Cleveland and Toledo the factional fighting has made the situations peculiar. Senator Hanna is quite an issue in both those cities. In Cleveland there have been many meetings, but none in Cincinnati. In Toledo Mayor Sam Jones is a factor for municipal ownership, especially of the natural gas pipe line. In Columbus they elect only minor officers, but they have a fight over street railway franchises that magnifies the city council into parliamentary dimensions.

At Dayton, Mayor Linderman, with a full ticket, stands for re-election, with the usual fight on Dr. J. E. Lowes as the Republican leader, and an issue for cheaper city lighting. These local issues, factional fights and oppositions to alleged bosses indicate that party lines will not be drawn closely.

The women are taking an active part in the contests for members of boards of education, for which offices they are electors, and in many cases candidates.

Gage Has Authority.

Washington, April 2.— Attorney General Griggs has given an opinion to the secretary of the navy to the effect that the secretary of treasury has complete authority in the matter of disposition of the wrecks of Spanish vessels along the shores of Cuba. The opinion of the attorney general on this question is of more than ordinary importance, as it involves primarily the question of United States jurisdiction over the territory in question. It is addressed to the secretary of the navy and relates to the wreck of the Spanish steamship Alfonso XII, which lies near the entrance to Mariel harbor, and is sought to be broken up by private enterprises.

Report on Shipping Bill.

Washington, April 2.— Representative Grosvenor of Ohio, chairman of the house committee on merchant marine and fisheries, presented to the house the amended shipping bill, and the report in its support by the majority of the committee constituting all the Republican members. The report lays stress on the necessity of our getting possession of the Asiatic and African markets. The need of abundant establishments for the construction, docking and repairing of ships, "an adequate navy," and a great fleet of merchant vessels, all in readiness for any exigency, is asserted by the report to be "a self-evident proposition."

Strike Threatened.

Indianapolis, April 2.— A general strike of union printers employed by members of the National Typothetae may be ordered as a result of a meeting of the executive board of the order in Chicago Tuesday, when seven of the nine board members voted to levy an assessment of \$50,000 for the purpose of carrying on the fight against the union printers in Kansas City, Mo. The executive council of the International Typographical union, now in session in this city, is considering the defiant attitude of the Typothetae. Mr. Donnelly said that his organization is prepared to fight.

Young Boxer May Die.

New York, April 2.— As the result of injuries received in a juvenile sparring match it is feared that Thomas McGregor of this city may die. More than a score of youngsters assembled in the basement of a tenement house to witness a bout between McGregor and Thomas Nelson. Both of the boxers are 16 years old. There were the usual adjuncts of seconds and tie-holders.

DEAL CLOSED.

Transfer of Street Car Lines at Pittsburgh Accomplished.

Pittsburg, April 2.— By a vote of 100,000 out of 504,000 shares, the lease of the Consolidated Traction company for 90 years to the Union Traction company was ratified at a meeting of the stockholders. The minority protested against the lease and the protest was entered on the minutes. The capital stock of the Consolidated Traction company is \$30,000,000, of which \$15,000,000 is common and \$15,000,000 is preferred. Only \$9,650,000 of the preferred has been issued. The Union Traction company will have a capital of \$30,000,000, 20 per cent paid up, and the remainder of the stock assessable as required. Hon. C. L. Magee will be president of the company. The new company will also control the systems of the United Traction company and the Monongahela Street Railway company, the only line outside of the combine being the West End Traction company.

Chicago's Labor Contest.

Chicago, April 2.— From the evidence we have heard it appears that the statutes are not being regarded in Chicago's labor contest," said Chairman A. E. Clarke of the industrial sub-committee. "The labor men seem to enforce their own laws without respect to the laws by which all are bound. I will not say that the contractors and manufacturers are entirely without blame. It is very evident, however, that the situation in Chicago is most desperate and something must be done. I must be completely at sea as to what recommendations will be made by the members of the industrial commission, who have been hearing witnesses in this city, but we all agree that there must be more regard for law.

I must be completely at sea as to what recommendations will be made by the members of the industrial commission, who have been hearing witnesses in this city, but we all agree that there must be more regard for law. The labor unions, in my opinion, can not win by striving to enforce their laws by violence or physical strength. Unless they respect the laws of the nation they can not expect to have their own laws respected."

Decision on Painting.

New York, April 2.— General Appraiser Howell has announced his decision in the matter of the painting "The Holy Family," a Rubens, which was sent to this country and tendered at a value of 132,000 francs. It has been sold at public auction at London at a considerably higher figure, and the customs authorities stopped it and held it for a reappraisal. General Appraiser Howell advances the valuation to 198,000 francs, making the duty 20 per cent, something in the neighborhood of \$7,000. According to law, however, there is an inflexible penalty attached to goods which are imported under a low valuation, and the penalty in the case of the painting amounts to \$19,000, making the entire amount which must be paid before the painting will be delivered about \$26,000.

Plot In Brazil Foiled.

Washington, April 2.— An official of the state department just returned from Brazil has furnished some interesting details in regard to the recent attempt of a clique of Brazilian army officers to incite a revolution, and establish a monarchical government there. The plan of action, the official says, was to operate a military riot in front of the president's palace, during which President Campos Selas was to be assassinated, an officer of the revolutionary band declared ruler and Brazil proclaimed a monarchy. It seems, however, that owing to information furnished by an army officer fully cognizant of the brewing conspiracy, the president was at all times aware of the plans and progress of the revolution.

No Places Open.

Washington, April 2.— Consul General Horace N. Allen, at Seoul, writes to the state department relative to the numerous requests of young men in this country who have recently left the service of the United States, asking for position as military advisers or instructors in the Korean army, that there is no demand for their services in that capacity, Korea having announced her intention to dispense with the assistance of this kind. The mines and railroads also, according to Consul Allen, offer no opportunities to other than native Koreans.

A Fat Salary.

St. Louis, April 2.— General Manager E. P. Bryan of the St. Louis Terminal association has tendered his resignation to accept the position of general manager of the New York Rapid Transit Subway company tendered him under a contract for a term of five years at a salary of \$20,000 per annum.

Suffield, Conn., April 2.— Sidney A. Kent, 66, who for years was prominent in Chicago as a speculator and organizer, died at his summer residence here. Death was the result of a complication of diseases from an attack of influenza last January.

BY A NEAT MAJORITY

Friends of the Porto Rican Bill Count Upon Its Passage by the Senate.

VOTE TO BE TAKEN ON TUESDAY.

Quay Case Subject to Displacement by Appropriation Measures and the Philippine Question. Week In Congress.

Washington, April 2.— The senate will vote upon the Porto Rican bill Tuesday at 4 o'clock and previous to that time each session will be devoted wholly to this bill. Speeches will be made by Senators Bate, Depew, Spooner, Culom, Mason, Clay and Culbertson, and probably by other senators. All but two of the committee amendments have been agreed to by the senate. These two relate to a delegate in congress and to citizenship. The friends of the bill count upon its passage by a handsome majority, but it is now expected that seven Republicans will vote against it, the seven comprising Senators Davis, Hoar, Mason, Nelson, Simon and Wellington. Senators McEnery (Dem.) and some independent senators will vote for the measure.

The taking of the vote on the Porto Rican bill on Tuesday will displace the Quay resolution, which was set for that day, and Senator Chandler, chairman of the committee on elections, has given notice that he will postpone calling it up until Wednesday. The committee will adjourn the Clark hearing in order to give its attention to the Quay resolution Wednesday, but as it is not expected that the latter matter can be disposed of in one day, it is probable that the necessity for going on with the Clark case after Wednesday will cause another postponement of the Quay resolution. It is also subject to displacement by appropriation bills, conference reports and the Spooner resolution for the temporary government of the Philippines.

For a Volunteer Army.

Washington, April 2.— Representative Hay of Virginia, one of the prominent members of the military committee of the house, has prepared with great care a bill to create out of the military states a volunteer army for use in war, to supplement the regular army. The bill contemplates a general broadening of the basis of the national guard, its equipment with the service rifle, and its complete organization in time of war into regiments, brigades, divisions and corps, with the three battalion formation as in the regular, and is designed to obviate the necessity of a large standing army upon the expiration of the present law July 1, 1901, increasing the standing army to 65,000, and authorizing the present volunteer army of 35,000. The bill was introduced in the house and receives additional importance from the fact that Mr. Hay is chairman of the Democratic caucus. The bill makes all citizens between the ages of 18 and 45 liable to military service in the volunteer army.

Week In the House.

Washington, April 2.— The session of the house on Monday was devoted to District of Columbia affairs. On Tuesday the house will enter upon the consideration of the bill to provide a civil government for Hawaii. By the terms of the order the general debate upon the bill will continue Tuesday and Wednesday and on Thursday the bill will be read for amendment under the five-minute rule. The final vote will be taken at 4 o'clock on Thursday. Friday will be devoted to private pension legislation, and Saturday has been set aside for paying tribute to the memory of the late Richard P. Bland of Missouri.

Steamer Drifting.

San Francisco, April 2.— Advices from Honolulu, under date of March 21, state that the well-known steamer Cleveland, bound for San Francisco with a \$100,000 cargo of sugar from Kahului, is adrift with a broken shaft, especially helpless in the open sea. When last heard from she was several hundred miles from Maui. Three of her crew left the steamer in a small boat to go to Maui for assistance. They were spoken by the steamer Eric, March 20, 40 miles from Maui.

Oshkosh, Wis., April 2.— Former Senator Philetus Sawyer was buried here. The funeral was the most imposing and impressive ever held in this city. Special trains brought 4,000 people to the city. The services were marked by the greatest simplicity, in accordance with the wish of the deceased. Rev

THE innocent never want a lot of soldiers for a body-guard.

THE Republican who hasn't weakened a point or so on the advices from Frankfort recently must have the stomach of an ostrich.

AS SOON as Mr. Taylor reached Morgan-town he started a company of militia to drilling. He seems to be lonesome without a lot of soldiers in sight or easy call.

THE "certain business interests" to which the Administration deferred in placing a tariff against Porto Rico should be made public. Bet some of the combines are behind 'em.

REPUBLICANS seem to be afraid that "Tallow Dick" Combs will give some very damaging information if the officers ever get him back to Frankfort. He says he is innocent, but they don't want him to get away from their protecting care.

IT IS announced that the Republican corruption fund this year will amount to the enormous sum of \$30,000,000, but Boss Hanna may learn that the aggregate wealth of the syndicates he represents is not sufficient to buy the next election.

THOSE Republicans over at Beattyville seem to be afraid to let "Tallow Dick" Combs, the negro suspect, get away from their protecting care. They have even resorted to the *habeas corpus* writ to prevent the officers from taking him away. Their zeal excites suspicion. Are they afraid he will tell something?

ONE of the most iniquitous and bare-faced raids upon the United States Treasury appears in the Hanna-Payne shipping subsidy bill now being pressed for passage in Congress. The bill pretends to be one "to promote the commerce and increase the foreign trade of the United States," and provides for the payment of "compensation" for twenty years to vessel owners, whether of American or foreign-built vessels, the total annual "compensation" not to exceed \$9,000,000.

DEFEAT PREDICTED.

The Chicago Inter-Ocean scores its party leaders for the record they are making in the present Congress. It says:

The Republican party must go before the people in the Congressional and Presidential elections of next fall on the platform of "free rum and taxed bread, free rum and taxed clothing, free rum and taxed medicines." It cannot escape this disastrous issue, which has been avowed in the acts of the Oxnard faction in the Senate, and has been specifically set forth by the leader of the Republican party in the House. Do the Republicans of the Middle West imagine that they can stand and win on this plank next fall? Do the Republican Representatives from the Mississippi valley believe that they can be re-elected on the issue of free rum, taxed bread and broken faith?

A CLINCHER.

Republican Senators continue to kick out the traces on the Porto Rico bill. The latest to repudiate McKinley is Senator Proctor, who spoke Friday in favor of free trade for our new possessions. Mr. Proctor quoted a long letter written him by former Senator George F. Edmunds, who dealt with some of the constitutional phases of the question. Here are some extracts from Mr. Edmunds' letter that are certainly clinchers:

"Any such measure, if enacted, will, I believe, be unique in our whole history. It will imitate and parallel the acts of the British Parliament which forced our fathers to just resistance and revolution, and led them to establish Constitution which in studied and explicit terms forbade any such discrimination."

"Congress is the creature of the Constitution, and not the reverse. A law passed by Congress is its creation, a mere expression of its will. If, therefore (assuming that the Constitution does not exist in Porto Rico), Congress were to enact a statute declaring that the present Constitution shall be extended over that island it is a statutory Constitution and a repeal of the statute would extinguish it. But the Constitution is not subject to the control of Congress."

"Porto Rico and its people came under the society of the United States by force of the treaty with Spain, and I think all will agree that if any part of the people of the island levied war against the United States or adhered to our enemies, etc., they would be guilty of treason. But treason is an exclusive defined constitutional crime, and it cannot exist on the island unless the Constitution that denies it is in force there."

HIGH PRICED CATTLE.

Mr. O. G. Callahan, of Helena, Pays \$2,000 for an Aberdeen-Angus Cow—Bids \$2,750 for Another.

Mr. O. G. Callahan, of Helena, paid \$2,000 recently at Chicago for the Aberdeen-Angus (better known as the Polled-Angus) cow Blackbird of Woodland 4th, 19,526. She was calved in 1893, her sire being Royal Eric. She belonged to the Woodland Herd of Wallace Estill, Estill, Mo.

Mr. Callahan bid \$2,750 for the five-year-old cow Lucia Estill. She was sold for \$2,800 to another party.

In addition to Blackbird 4th, Mr. Callahan purchased the following at prices named: Queen of Estill 3rd, \$400; Queen of Estill 2nd, \$400; Heroine of Estill 11th, \$200; Franklin Heroine, \$350; Duchess of Estill, \$500; Nadine of Lakeside, \$375.

THE antics of Republicans under the charge of procuring the assassination of Governor Goebel, in trying to place the infamy of the crime on any shoulders but their own, reminds the writer somewhat of the case of an old farmer in Lewis County many years ago. The old fellow was charged with bastardy and suit was threatened therefor. Putting the best show upon the case that he could muster up, he, in broaching the matter to his spouse, said, "And they lay it at our doors." His good wife, with righteous indignation, knocked the wind out of his sails by replying, with some degree of warmth, "Well, John, if you can establish your innocence as easily as I can mine, you won't lose much sleep over the matter." If the Republicans can establish their innocence of the charge of procuring the assassination of Goebel as easily as Jack Chinn or any other Democrat, they needn't lose any sleep.

A Notable Opening.

The many patrons of Mrs. Cadby and Mrs. Hamilton's millinery and dress-making establishment, 218 Sutton street, are waiting with much interest their opening which occurs Thursday and Friday, April 5th and 6th. A large number of the latest patterns in millinery will be displayed and Mrs. Hamilton will show a street toilet and a handsome reception gown. The unquestionable taste and style of these ladies bespeak for their patrons a rare treat in their respective lines.

Cold Steel or Death.

"There is but one small chance to save your life and that is through an operation," was the awful prospect set before Mrs. I. B. Hunt, of Lime Ridge, Wis., by her doctor after vainly trying to cure her of a frightful case of stomach trouble and yellow jaundice. He didn't count on the marvelous power of Electric Bitters to cure stomach and liver troubles, but she heard of it, took seven bottles, was wholly cured, avoided surgeon's knife, now weighs more and feels better than ever. It's positively guaranteed to cure stomach, liver and kidney troubles and never disappoints. Price 50c. at J. Jas. Wood & Son's drug store.

Born in Aberdeen Seventy-three Years Ago.

The Aberdeen Gretna Green, in mentioning the celebration of the fiftieth anniversary of the marriage of Mr. and Mrs. Monroe Campbell, of that place, says: "Mr. Campbell is seventy-three years of age and has never in all his long life set foot on a railroad train and has traveled time and again from Pittsburgh to New Orleans, and, what is more strange, was never away from the Ohio and Mississippi rivers as much as three days at a time. Mr. Campbell is well and healthy as he was thirty-five years ago. Another peculiar incident of this venerable man's career is that he hasn't taken a dose of medicine for fifty years."

Death of Mr. Erazmus Mitchell at His Home in Washington Last Saturday Morning—Burial Sunday.

Mr. Erazmus Mitchell died Saturday at his home in Washington and was buried Sunday.

He was eighty years old, and was born and always lived in this county. His wife and seven children survive him. He had been married fifty-six years, and left forty-three grandchildren and nineteen great grandchildren.

Mr. Mitchell was a very industrious, hard-working man, and had been a member of the church for many years. He served in the war of the Rebellion, and was buried by Jos. Heiser Post, of this city.

Old Case Disposed of.

The judgment of the Mason Circuit Court in the old cases of the Maysville and Big Sandy Railroad Company against W. W. Ball and others was affirmed Thursday by the Appellate Court, Judge Paynter delivering the opinion. The actions grew out of the granting of the right of way by the property holders in the city of Maysville to the railroad company, and were for damages. The lower court gave judgment for the plaintiffs. The case has been twice before the Court of Appeals.

"THE LITTLE MINISTER."

A Splendid Performance of This Popular Drama Promised Maysville Theater Goers.

The story of "The Little Minister" which is to be seen here begins in Caddam Woods. There the little minister meets Babbie, the gypsy girl. She induces him to blow a horn and thus arouse the town. When the redcoats come, she introduces herself as the minister's wife. In the second act he meets her at Nannie's cottage and there is tea drinking and disclosures of the minister's heart and mind to Babbie. In the second scene, the minister, instead of going to prayer meeting, follows the gypsy, who has learned the congregation's pre-judice and fled.

In the third act, the scene is at Lord Rintoul's castle. The minister has followed the gypsy there but finds Lady Babbie. They declare their love, but the father and his choice for his daughter intervene. However, in Scotland, when a man acknowledges a woman to be his wife before witnesses it is a legal marriage. Babbie insisted that the minister be kept to his acknowledgment of the night in "Caddam Wood." In the last act he does, and, to the surprise of all, claims Lady Babbie as his own.

This charming comedy will be presented at Washington Opera House, Saturday, April 7th, by Charles Frohman's company. The cast and production, it is promised, will be complete in all details and a splendid performance is looked for.

Joe Flynn Has Found a Cure for the Blues.
If there are any people in the city subject to attacks of melancholy they may proceed to lift up their voices in thankfulness that at last an infallible

panacea has been found which never fails to banish dull care, and in this sovereign specific is that merry melange of wit, fun, melody and song. The bright and diverging farce comedy, "Hogan's Alley," will be seen in all its completeness to-night at the opera house. As the author of "Down Went McGinty" and several other songs that have been sung from one side of the Atlantic to the other, Mr. Flynn for the past three seasons has been playing all the leading vaudeville theatres, receiving, it is said, the largest salary ever paid to a single artist. See him at the opera house to-night.

Uses Gold Coins for Buttons.
[Chicago Tribune.]

Benson McKee, who reached town on a "horse" train from New Mexico with a car load of "bronchos" for the East, caused a mild sensation at the stock yards with his fad of wearing gold coins for buttons. His great coat was fastened with double eagles, his vest with \$5 pieces, and his coat had eagles glistening in the button-holes and above the tails. From a chain attached to a pin in his necktie hung a \$3 gold piece, of which few ever were coined. He had "money to wear."

When he swung off the rear of a Chicago, Burlington and Quincy caboose the stock yards men opened their eyes and stood amazed. He gave some orders about feeding his stock, walked over to the Transit House and sauntered through the horse pavilion. From there he went to the yards, and at 4 o'clock boarded an east-bound "horse" train for the East.

Joe Flynn in "Hogan's Alley."

This famous farce comedy drama has made more money for its managers than any other comedy ever written. Such is the claim made for it. This season it has been rewritten and brought up to

date. The comedy is headed by the creator of the laughing habit, Joe Flynn, who will be remembered as the man who wrote "Down Went McGinty" and several other popular songs which have brought him both fame and fortune. Mr. Flynn has surrounded himself with the representative farce comedy stars of the country. The company is composed of comedians, pretty girls, sweet singers and dainty dancers, and up to date specialties. They will appear at the Washington Opera House on Monday night, April 2nd. Prices 25, 35 and 50 cents.

CASH VALUE

Of the Friendship Existing Between Carnegie and Frick.

[New York World.]

When Mr. Frick sued Mr. Carnegie, demanding more money for his shares in the Carnegie properties, Mr. Carnegie replied with statement that in December last the entire assets of his company were worth no more than \$75,000,000. Yet in March, when Mr. Carnegie and Mr. Frick have decided to work together again, these same assets are capitalized at \$160,000,000.

The first thought is that \$85,000,000—or rather more than one-half—of the new steel combination's capital is "water," on which the consumer is expected to pay dividends. But that can hardly be, inasmuch as all the parties to the combination have been at pains to state publicly that their most earnest instruction to their lawyer was to avoid over-capitalization and everything else that might lead people to regard the combination as a trust.

There can be but one explanation consistent with Mr. Carnegie's reputation for veracity—that this \$85,000,000 represents the cash value of the friendship of Carnegie for Frick and of Frick for Carnegie.

Andrew and Henry ought to supplant David and Jonathan as the proverbial illustration of the friendship that "sticketh closer than a brother."

Carnegie Deal Closed.

Fitzburg, April 2.—The last meeting of the partners of the Carnegie Steel company, limited, was held. At this meeting the formal transfer of the interests and property of the limited partnership was made to the Carnegie Steel company, the Pennsylvania corporation which will operate the Pennsylvania property of the company in the interest of the New Jersey corporation, the Carnegie company.

The C. and O.

NEW YORK, March 30.—Tips on Chesapeake and Ohio continue to circulate freely. The latest rumors are that the next dividend will be at the rate of 3 per cent per annum. There has been considerable liquidation of the stock during the last few days, and it seems to be well supplied above 32½.

A Helpless Child.

A weak and puny child is badly handicapped in the battle of life. It is isolated from the healthy enjoyments of its little fellow-beings. It cannot partake either of their play or their sturdy work and progress in the world; its whole life is embittered by incapacity and weakness.

Any woman who expects to become a mother ought to know what Dr. Pierce's Favorite Prescription will do both for her own health and safety during her time of trial and also to insure her in bequeathing a fair measure of health and strength to the prospective little one.

THE advertising columns of newspaper are the best medium by which to gain the attention and patronage of the public.
